N/A

A traditional village property built in the 1950s with high ceilings and good sized rooms. The property is perfectly liveable, but a little modernisation would create a lovely family home. Situated in a road just minutes walk from the centre of this pretty village, the house has 3 living rooms, a fitted kitchen, 4 bedrooms and 2 bathrooms, so represents excellent value. It also has Juliette balconies in two bedrooms, a wonderful roof terrace with great views and an area to the rear of the property, which, with a little love would make a pretty patio garden. Mains water and mains electric are connected and WiFi is available ref: APN 7697
