Jávea Beach is a distinguished new residential development by Alibuilding, located a short walk from the sought-after Arenal Beach in Jávea, Alicante. This exclusive complex comprises 27 high-quality apartments designed for contemporary Mediterranean living, featuring spacious 2- and 3-bedroom layouts with generous terraces and access to premium communal spaces. Nestled around beautifully landscaped gardens and a central swimming pool with hydromassage and children's area, Jávea Beach blends comfort, design, and lifestyle in one of the Costa Blanca's most desirable locations, with proximity to local services, dining, and beaches. The project emphasises light-filled interiors, sophisticated finishes, and year-round comfort, making it ideal for both permanent residence and second-home living.
